*Re: Approval of Douglas County Voluntary Stewardship Program Work Plan*

Dear Ms. Rowland:

The Voluntary Stewardship Program (VSP) Technical Panel (TP) has reviewed the work plan submitted by the County and has approved the work plan at a formal review meeting on April 27, 2018.

As a result of the approval of the work plan by the TP, and in accordance with RCW 36.70A.725 (3) (a) (ii), the Director of the Commission must approve the work plan.

Therefore, by this letter, as Executive Director of the Washington State Conservation Commission, I formally approve the work plan for the County as of the date of this letter.

If any amendments have been made to the work plan during the Technical Panel review process, please provide the Commission an electronic link to the final version of the work plan. That link can be sent to Alicia McClendon at [ameclendon@scc.wa.gov](mailto:ameclendon@scc.wa.gov).

Thank you for your continued engagement in and support of VSP, and congratulations on the approval of the county's plan. If you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Clark".
